Aztecs, Troy in CIF

Six area high school football teams will begin the battle toward CIF championships this weekend.

Surprising Esperanza, runnerup in the Orange League, with a 5-1-1 loop record and 7-1-1 overall, will be host at Bradford Stadium in a 7:30 game Friday. They will play Artesia, runnerup in Suburban League with a 4-2-1 league slate and 4-4-1 overall. The Aztecs were ranked 7th in the final 2A poll.

OL champs La Habra will take on Norte Vista of the San Andreas League, tied for second place with 4-1-2, 6-1-2 credentials. LH was 6-1 and 8-1.

Third place Orange League finishers Sonora, defending 2A CIF champions, gained a play off berth and will travel to Costa Mesa to play the co-champs of the South Coast League. CM was 5-2 and 6-2-1 while Sonora was 5-2, 7-2.

Representing the area in the 3A division are Troy and Anaheim who shared the Freeway League title. Both were 6-1 in league. The Warriors were 7-2 overall and Anaheim was 7-1-1.

Troy will take on North of Riverside, the number three team in the Ivy League who went 6-2, 7-2. That game will be played at 8 p.m. at Fullerton High School Stadium Friday at 8 p.m.

Anaheim drew Inglewood, the second place team in the Ocean League who had 3-1-1 and 7-1-1 records.

Servite, runnerup in the Angelus League, goes against Compton, Moore League co-champions. Servite was 4-1, 8-1 and Compton 3-1-1, 5-3-1.

Hutchinson Award to Tommy John

Los Angeles Dodger pitcher Tommy John has been selected 1976 winner of the Fred Hutchinson award. This is the second major honor in a week for the Yorba Linda resident. He is also the "Comeback Player of the Year."

The award is based on recognizing a player who best exemplifies the competitive instincts, character and desire of Fred Hutchinson.

Hutchinson, who died of cancer in Nov. 1964, pitched for the Detroit Tigers for 11 years (1939-41,

46-53) and managed in the majors for 12 years—Detroit (1952-54), St. Louis (1956-58) and the Cincinnati Reds (1959-64).

An element of overcoming adversity is involved in the voting done annually by major league broadcasters and writers and John certainly met this criteria. He overcame serious arm trouble and an operation to resume his pitching career after a year and one half layoff.

"I never knew Fred, but I played with and for several people who did," John said. "He was an outstanding person and I'm proud to receive it in his honor. This award means a great deal to me. I'm joining a pretty good list of winners and I'm honored."

John, who will be honored at the Dapper Dan Dinner in Pittsburgh on Feb. 6, is the second Dodger to win the Fred Hutchinson award in the 12-year history of the honor.

The first Dodger was Sandy Koufax in 1966. The award began in 1965 and the first recipient was Mickey Mantle. After Koufax the honor roll read:

1967, Carl Yastrzemski; 1968, Pete Rose; 1969, Al Kaline; 1970, Tony Conigliaro; 1971, Joe Torre; 1972, Bobby Tolan; 1973, John Hiller; 1974, Danny Thompson and 1975, Gary Nolan.

First Local Girl in CG

Lacking any records to the contrary, the United States Coast Guard believes that Annette Modoff of Yorba Linda is the first female from this city to enlist in that branch of the service.

Annette, 18, daughter of a former Coast Guardsman, Tom Modoff, was enlisted by CG Recruiter Larry Bullock who covers all of Orange County out of his Santa Ana office.

The significance of the occasion was marked by the oath of enlistment to Annette by Mayor Henry Wedaa.

After boot camp at Cape May, New Jersey, Annette, an El Dorado High graduate in June of 1976, will attend dental technician school. Boot camp lasts 10 weeks.

Bullock said she is only one of 200 girls the Guard recruits annually and Annette will join six other girls in the current class at Cape May.

Her dad joined the Coast Guard in 1957 and served a four year hitch. He is now with the California Highway Patrol in the Santa Ana office.

Hogan Gets Planning Position

The position of Associate City Planner, recently vacated by the dismissal of Vincent Bautista will be filled on November 29 by Barry Hogan, according to City Manager Art Simonian.

Hogan is presently the Assistant Planner with the City of Placentia. He has worked there since June of 1973 as Junior Planner, acting Planning Director and in his present post.

BARRY HOGAN

Married and a resident of Placentia, Hogan has a B.S. degree in Urban Planning from Cal Poly Pomona from where he graduated in 1973. He anticipates receiving his Masters degree in Urban Design in June of 1977.

The Great Smokeout

It isn't exactly a Love-In. More like a Smoke-Out.

Or it might be classified as Good Clean Fun. Even a Healthy Habit Happening.

Whatever it is, it's going to happen throughout Orange County Thursday, November 18.

And for anyone who enjoys a Good Smooch, here is the perfect excuse.

Thursday the Orange County Unit of the American Cancer Society is sponsoring, in conjunction with the rest of the United States...The Great American Smokeout.

The organization hopes that on that day, Orange County's estimated 60,000 smokers will quit...at least for 24 hours.

It's a part of a California wide effort to reach at least one million smokers. And the society explains:

YLSA Board: 'No' on Airport

Opposition to the proposed Chino Hills Airport added the voice of another governmental unit last week when the Board of Trustees of the Yorba Linda School District adopted a position "firmly opposed to the development" of that or any airport "within five miles of the District boundaries."

The opposition is warranted, trustees said, "on the basis of increased hazard to student safety, adverse effects on instructional programs and an additional financial burden to the District."

In essence, the opposition is reaffirmation of a stand taken by the board two years ago when the issue was a live topic of the moment.

The board outlined three principal reasons for its opposition. One was that for six hours every school day

the "safety of 2,500 students in this District would be in more jeopardy from an aircraft related hazard if construction of the Chino Hills airport is permitted."

The second reason was that airport builders might claim "extenuating circumstances" and that possible runway re-alignment "would place the school district area directly in takeoff or landing patterns, thus creating both an increased risk and educationally detrimental situation for new or established schools."

Thirdly, the board pointed out that acoustically treating classrooms would be an "extreme financial burden." Estimates are that it would cost in excess of \$3.2 million to treat 100 classrooms in the five schools.

Impressive Progress on Capital Improvements

Excellent progress towards an early December reporting date was revealed by chairmen of subcommittees of the Capital Improvements Committee in reports made at last week's adjourned meeting of the City Council.

The studies to date so impressed the council members that they decided to operate as is and not to appoint an overall chairman of the committee. Councilman Irwin Fried recommended that the subcommittees be maintained for an indefinite period beyond the reporting date.

Carl Boznanski spoke on Street Improvements noting that the six meetings had 100% attendance and over 70 hours spent studying problems. This included one field

trip to check out major street, intersection and street lighting problems and a second field trip to the city yard.

The group probing Drainage Improvements has met every other week, according to Chairman Tallas Margrave. This subcommittee also toured problem areas.

Already evident, it was reported, is the need for constructing downstream facilities. Also apparent is the need to increase drainage fees which are considered "grossly too low."

Spokesman for the unit studying City Hall Facilities was Thomas Lynch. He revealed that the subcommittee is going on the assumption that the city wishes to

Council to Meet With Group Dec. 13

Differences between Yorba Linda City Council and members of the city Beautification Committee over the firing earlier this year of then assistant city planner Vince Bautista look like they are coming to a head.

Specifically, Council voted Monday night to summon the committee to a special joint meeting Dec. 13 for the purpose of "establishing (the committee's) role in city affairs and its relation to the city council," as Councilman Irwin Fried's motion put it.

Councilman Anton "Doug" Groot agreed heartily, saying, "I think we ought to tell them to run their committee the way they ought to or else we'll get a new committee."

Fried further directed staff to prepare memoranda and other materials relating to recent hearings on the Bautista firing as well as communication between committee chairman Bill Rogers and the district attorney's office regarding an alleged breach of the Brown Act in connection with activity by committee members.

"The public record indicates there has been a violation of the Brown Act," Fried declared, stating further that the district attorney recommended the incident be dealt with "at the local level."

Moreover, the public record indicates a member of the committee offered inconsistent testimony while under oath with prior public statements, Fried charged. At the meeting he made a more serious allegation which he later said that upon reflection he no longer felt it applicable.

Councilman Dale T. Chaput offered the only opposition to Fried's proposal. "I don't want any part of it," he said. "I think this smells of character assassination."

All those Cub Scouts and Brownies whom you saw in the Fleets Days Parade have a lot of other activities during the year. Articles about both groups on Page 7 have the details.

It's that time of the year for events which give folks the opportunity to purchase unique Christmas gifts and assist organizations at the same time. Stories on Page 13 tell about some of the upcoming bazaars.

Just moved into town and don't know anyone? The story on Page 14 about the Newcomers Club membership coffee might be of interest.

A minister walked into town five years ago and, from scratch, started a church. This week Calvary Baptist Church will celebrate its fifth birthday. A Page 15 article has the details.

FLANKED BY her parents, Mr. and Mrs. Tom Modoff, Annette Modoff is congratulated by U.S. Coast Guard Recruiter Larry Bullock. As far as is known Annette is the first Yorba Linda woman to enlist in the Coast Guard.

"Candid Clicks"

MOTHER AND SON is a priceless combination but it can mean a \$5 check if you can identify this pair and where the photo was taken by STAR photographer Debbie Conkey. The first person to call 528-7080 and give the correct information will get a check made out to the STAR advertiser of their choice. Last week's photo of Janet Rohde taken at the Rotary Club Fleets Days barbecue in Nixon Park was correctly identified by Jean Woodard of Yorba Linda who had the check made out to Wagon Masters.

Council...

(Continued from Page 1)

The meeting is set for the Yorba Linda District Library multi-purpose room, 7:30 p.m.

Differences arose at the council meeting, also over eastward extension of the El Cajon canal trail.

Robert and Kathleen Huff, of 19002 Buena Vista, through whose property the old water canal runs, are seeking to subdivide their land into four lots.

Question of ownership of the canal, long uncertain, was due to be settled by requiring the Huffs to grant a right-of-way along the canal for construction of a riding, hiking, and bicycling path.

But the Huffs object. "I feel that you are stealing my land when you do this," Mrs. Huff told the council.

Councilmen in turn objected to the term "stealing," with City Attorney Tom Clark pointing out that it was not unusual for the city to require developers to dedicate some portion of their land for recreational use, including trail rights-of-way.

Desirability of the canal route as a trail site was also questioned, in view of the fact that at one point in the vicinity a siphon had carried water over a rise of ground. Chaput suggested however that the problem could be handled through grading.

Councilman Whit Cromwell objected to following the canal route, claiming that it would be safer to run the trail down Grandview Avenue. (Chaput protested this, as did Ron McRoberts of the horse commission.)

In view of vaguely threatened court action by local landowners, Cromwell further said, it might prove cheaper in the end to reroute the trail.

Finally, as a compromise of sorts, Groot moved the Huffs be required to make an "irrevocable offer" to dedicate the canal to the city should the city so desire in return for approval of the tentative tract map for their subdivision.

With Fried supporting the proposal as "a means of keeping our options open," the motion passed 4-1 over Cromwell's opposition.

(In a separate action, Council approved spending \$3500 to prepare an environmental impact report for the remainder of the trail. County funds may be available to cover construction, City Planner Phil Paxton said.)

Less controversial was a report by

Chaput and Groot on a recent meeting with representatives from Brea City Council to explore the possibility of joint policing for the two communities.

According to Chaput, Mayor Carol Weddle and Councilman Don Fox, the Brea representatives, felt any joint agreement should cover at least five to seven years.

"I got the feeling they are not interested in continuing with the present contract basis," added Groot.

Although they expressed themselves willing to look at any proposal Yorba Linda might make, Chaput said, the Breans mentioned particularly a similar agreement recently entered into between Irvine and Costa Mesa. City Manager Arthur Simonian said the city would obtain a copy of that agreement for study.

In any event, both Chaput and Groot agreed, implementation of any joint-policing arrangement before 1978 now seems unlikely.

In other business, the council approved applying for \$66,400 in county highway matching funds to help pay for extension of Fairmont Boulevard southward to Esperanza Road (total cost of the project is estimated at \$132,800, of which the city will put of the other half; the project is proposed for the 1977-78 fiscal year).

*authorized a second payment of \$11,643 for a traffic signal recently installed at the intersection of Yorba Linda and Kellogg Drive (the city has already paid the contractor \$9,320; total cost is \$23,292);

*approved expense of up to \$4000 to cover cost of a traffic circulation study for the area bounded by Yorba Linda Boulevard, Lakeview Avenue, Buena Vista Avenue, and Richfield Road (the study, requested by the planning commission, was prompted by two small, pending subdivisions in the locale; Chaput fought the measure, saying "I can't see spending that kind of money on 12 homes"—but lost in a 4-1 vote);

*passed unanimously on second reading an ordinance permanently placing planned-community (PC) zoning on the Dominguez Ranch, annexed earlier this year; and

*enacted an ordinance establishing a 40-mph speed limit on Kellogg Drive between Yorba Linda Boulevard and Imperial Highway.

Letters To The Editor

Foulds Resigns

Copy to Star

Dear Mr. Simonian:

Because of the complete frustration caused by attempting to work within the framework of the policies and procedures developed by the present City Council and City Staff, I hereby resign as a member of the Yorba Linda Beautification Committee.

The Beautification Committee has been a very dedicated, hard-working committee, constantly thwarted by the inefficiencies and present philosophy of the Staff and City Council.

In my opinion, the City Staff is straddling the political fence between the pressures of the citizens of Yorba Linda and the developers; between enforcement of the City ordinances and self-interest groups. Ordinances are being ignored. City planning is spotty and inconsistent.

Standards of landscaping and design are not being met. City Committee recommendations are not acted upon. (Within our own committee, the Chairman was retained over the objections of a majority of the committee members.)

With the exception of Dale Chaput, the Council members seem to have given in to their own pressures of self-interest and personal ambition. The citizens of Yorba Linda are the losers.

I would urge the members of the community to attend Council meetings and become aware of what is happening to our city. Only through involvement of the majority can we attain good government.

Sincerely,
Doris Foulds
Yorba Linda

Smokeout...

(Continued from Page 1)

"The Smokeout aims to create a general awareness that smoking creates major health problems and to promote a spirit of camaraderie that will help smokers make and stick to the decision to quit."

To make such an unpleasant prospect for the 60,000 smokers a little more fun, the Cancer Society is also distributing large lapel pins along with its pledge cards.

The pins carry a picture of a very green frog with very red lips and the information KISS ME. I DON'T SMOKE. Whether the supply will outlast the exsmokers' good intentions was not known locally.

However, locally, there were obviously some lapel pins already in circulation and a few people who simply can't resist a good idea when it's brought to their attention.

The effort was already reported in working order at least at Placentia-Linda Community Hospital, one of the local participating hospitals, in the 24-hour Smokeout, along with Esperanza Intercommunity in Yorba Linda.

Hospitals are posting displays and are making pledge cards available to their employees, patients and visitors in addition to helping their employees become aware of the smoking problem.

Other interested parties are invited to call the hospitals or the Cancer Society at 752-8600 for further information and pledge cards.

And everybody else is invited on "D (Don't) Day" to pucker up Either for that cigarette...or a smooch!

Residents Get Wish

Residents of the 550 home tract in the northeast corner of the city who made a forceful presentation to the Traffic Committee several weeks ago about traffic conditions in the tract have won their point.

The residents convinced the committee that at least one stop sign was needed to slow down speeders. That recommendation went to the City Council which unanimously approved it.

The stop sign will be installed for eastbound traffic on Avenida Del Rey at Avenida De Las Flores. In addition, both streets will be striped and 25 mile per hour limit signs painted on the pavement.

Consistent with the county speed limit on Kellogg Drive, the Traffic Committee recommended a 40 mile per hour limit on Kellogg between Imperial and Yorba Linda. Council gave first reading to an ordinance setting that limit.

Continued for one month was a committee recommendation for a four-way stop sign at Mountain View and Grandview. Mayor Henry Wedaa objected that signs were needed and the matter was continued until a traffic count is made and reported.

Resident Appalled

Dear Editor:

I was present last Monday evening when the City Council had its hearing concerning the disposition of the Vincent Bautista case. Up until that time, the results of the hearing concerning Vincent Bautista had been kept closed to the public at his request.

However, they had been available to the City Council for at least 2 weeks prior to this meeting so they would have the necessary information to enable enlightened decision making.

It was appalling for me - as a member of the audience - to hear one of the Councilmen proclaim that he didn't have the time to read the Hearing Document. Further, it was interesting to note that he voted in opposition to all the other Councilmen who had read the document.

It is difficult for me to understand why he did not abstain from voting if he had not read the document - or perhaps he was unduly influenced by certain members of the politically controversial Beautification Committee and their friends who were present in the audience to support Vincent Bautista.

Incidentally, none of these individuals had read the report either. At the conclusion of the meeting it was interesting to observe that these same individuals who had not read the report detailing the results of the hearing were enthusiastic in their applause, backslapping and handshaking of the dissenting Councilman who had not read the report either! This meeting was a classic example of uninformed emotionalism in action.

As a constant observer of the City Council, I feel that 4 of them are doing their homework and working in the best interests of the city. Let's give them all the support they need by attending Council meetings so they can see of your interest in city affairs.

ANNOYING SIGNS—Signs left up long after elections are over by candidates for office and real estate signs on local properties have come in for much criticism and the Planning Commission is trying to do something about them.

Political, Real Estate Signs Woes

One of the Planning Commission's favorite subjects...signs... was discussed at last week's meeting with action taken on one aspect and nothing done on another.

City Council, reacting to interest shown by groups and individuals, expressed concern over political signs and real estate signs and sent the problem to the commission.

Staff said that enforcement of removal of political signs following elections, supposedly 10 days after, and real estate "for sale" signs left up after sales have been made has been difficult as presently written and because of staff limitations.

Members of the real estate industry, Ed Shandrew, Bill Ross and Bob Frankeny agreed that the for sale signs are a problem and

admitted that some people within the profession do not always comply with the ordinance.

Shandrew, who is also president of the Rolling View Homeowner's Association, protested the proliferation of the signs on behalf of his group.

After considerable discussion the commission voted unanimously to provide for removal of for sale signs upon the signing of a legally binding agreement for purchase or sale.

Ross and Frankeny also spoke on the political signs problem. Commission members hassled the matter at length. Planning Director Phil Paxton explained the problem in detail.

After all the talking the vote was split 2-2 on changing the ordinance so it was left as is.

Time To Talk With Teachers

Students in Yorba Linda schools in the Placentia Unified School District will get time off today (Wednesday) and Thursday while their parents go to school for conferences with teachers, to learn about their children's progress.

No report cards will be given to elementary children for the first quarter, and student progress will be reported during the face-to-face parent conference, explained Keith Larick, assistant superintendent of instructional services.

When parents visit teachers during scheduled conference periods, they will receive an individual Parent-Teacher Conference Report for each child which will give specific information about observed strengths and weaknesses of the student.

From the parking lot at Yorba Linda District Library, 18262 Lemon. Thomas had driven the car to work. Wednesday, Nov. 3

A '66 Chevrolet two-door sedan was stolen Tuesday night last week from the home of Keith Earll, 18451 Yorba Linda Blvd., Yorba Linda.

Tuesday, Nov. 2

Marian M. Homewood of Covina stopped at McDonald's restaurant, 18515 Yorba Linda Blvd., Tuesday evening last week about 6, thereby giving herself perhaps a deserved break but also giving a thief a definitely undeserved break.

While she was inside, someone stole a \$450 English saddle from her car.

Monday, Nov. 1

Monday last week Voni Rosa Nakayama, 4331 La Cadena, Yorba Linda, discovered that sometime over the previous week \$136 worth of tools had been stolen from her garage.

furnish a high level of service at a minimum of cost. This committee is taking a two pronged approach, looking at today's needs and those in the future. It is estimated that immediate needs are for an additional 450-400 square feet of office space to "relieve really tough working conditions."

Lynch advanced the suggestion that another trailer be leased and placed in the vicinity of City Hall.

Ann Flatten reported for the subcommittee studying Parks Acquisition. She said organizations had been contacted to determine what facilities they are now using, their future needs and supportive funding.

The chairman said that tentative conclusions are that developers of R-3 (multiple) dwellings be required to donate more land for park space, that the city develop the Little League site and negotiate a lease with the county to develop the north end of Nixon Regional Park.

This group has contacted legislators regarding the availability of federal and state funds for parks.

Five meetings have been held by the Trail Improvements Subcommittee. There has been public input and the study has focused on multi-purpose trails with the El Cajon Trail as the backbone of the entire trail system. Now being looked at are feeder trails into that main trail.

Little Bits

Applications are now being accepted for the Teen Citizen Contest sponsored by the Yorba Linda Junior Women's Club. All qualified local high school seniors are invited to enter and, by winning, be eligible for a \$100 scholarship. For further information and applications, seniors should contact their high school counselor or Mrs. Denise Miller at 524-0905.

The Board of Directors of the Yorba Linda Chamber of Commerce will hold a "Get Acquainted" Open House on Thursday, Nov. 18 from 5 to 7 p.m. at the Chamber Office, 4799 Main Street.

Applications are being taken by the City of Yorba Linda for two vacancies on the Planning Commission. Interested citizens should pick up, complete and return a brief application to the City Clerk's office no later than November 30. For applications contact City Hall in person or by calling 524-5000.

Rosemary Shook of Yorba Linda, president of the Clara Barton Parent Participation Nursery School, 1201 E. Dorothy Lane, Fullerton, announced that the school will hold a Father and Child Day on Saturday, Nov. 20 from 10 to 11:30 a.m. Several activities have been planned for the event.

Due to overwhelming response the newly formed Angry Concerned Citizens (ACT), a group of taxpaying protesters, will hold a meeting for Yorba Linda and Placentia residents on Thursday, Nov. 18 at 7:30 p.m. at the Ruby Drive School, 601 W. Ruby, Placentia.

Plant Class Will Begin Thursday

Are your ferns failing? Your Coleus conking-out? You say your Heavenly Bamboo looks like the devil? Well, if you think the only way you'll ever have a green thumb is to stick it in a quart of pistachio ice cream, this message is for you.

Beginning Thursday, Nov. 18, Marilyn Cohen has the first session of her plant class. The class is sponsored by the Recreation Department of Yorba Linda and meets Thursday evenings, 7-9 p.m., at Yorba Linda Junior High School (room #21) for 5 weeks.

Mrs. Cohen is well qualified to teach the class. She is familiar with a wide variety of indoor and outdoor plants, lectures to various groups and teaches her plant class in Tustin.

Her course objective is to familiarize and instill confidence in the inexperienced plant grower. Course content includes: Growing media for containers, types of container plants, indoor/outdoor plants, the construction of indoor/outdoor dish gardens, hanging baskets and pot plants, terrarium construction, trees and shrubs for indoor use, and the care and maintenance of plants in containers.

The course is an excellent source of gift ideas for the coming holiday season. The registration fee is \$11.50 and may be paid the first night of class. Phone the Recreation Department at 524-5020 to reserve a space.

Registration is limited to a maximum of 15, with a minimum of 10. Additional information may be obtained by phoning the Recreation Department.
